### Alfridomsa receives quality certification by AENOR

**The document was delivered by the good quality management system developed and implemented by the Dominican company**

**Santo Domingo.-** The company Almacenes y Frigoríficos Dominicanos, S.A. (Alfridomsa), since its inception, has operated with high levels of efficiency in quality and safety, under international standards. Following a constant trajectory in the implementation of a high quality and avant-garde system, it receives from the Aenor Dominicana company the quality recertification under ISO 9001-2015, implemented since 2014.

The certification accredits the management system and service processes in accordance with quality requirements that frame Alfridomsa's commitment to continue operating under highly competitive standards, in favor of society and its customers.

"In an increasingly globalized market, quality is an essential strategic factor. Once again, we have completed the processes of implementing our quality system under ISO 9001-2015, with which we continue to strengthen our management commitment based on organization, responsibility and quality," said Gina Victoriano, administrative director of Alfridomsa.

Each of these actions is framed by Alfridomsa's commitment to improvements in performance, differentiation and competitive strength in the market, as well as access to new customers.

Victoriano said that "for this work, it is essential to have the involvement of all the company's staff, which incorporates the essence of the norm daily: plan, execute, verify and act."

Alfridomsa also has the BASC (Business Alliance for Secure Commerce) Certification, that of Authorized Economic Operators (OAS). The firm is a member of the WCA Perishables of the Dominican Agribusiness Board (JAD), the American Chamber of Commerce, the Spanish Chamber of Commerce, the Dominican Association of Air and Maritime Cargo Agents (Adacam), as well as the Ecotourism Cluster of Constance, among others.

The AENOR certification, delivered by Ariel Espejo Combes, director of the operations management of Aenor Dominicana, proves that Alfridomsa values the optimization of processes in its high quality services.

### About Alfridomsa

Almacenes y Frigoríficos Dominicanos, S.A. (Alfridomsa) offers the widest range of integrated storage, logistics and customs clearance services in the country. It has locations in strategic points, proximity to ports and airports of maritime and air shipments and landings of the country. Alfridomsa is a reliable and profitable option for Dominican importing, industrial, and agro-exporting merchants who seek to lower their costs.
